REPLY BRIEF

This Reply Brief is submitted to rebut certain arguments raised by the Examiner in the Examiner's Answer mailed January 30, 2006.

On page 2 of the Examiner's Answer dated January 20, 2006, Section (3), Appellants acknowledge the corrected Status of Claims. In their Appeal Brief, Appellants inadvertently stated that Claim 20 was both rejected and allowed. The Examiner's statement that Claims 8, 18 and 21-24 are allowed is correct.

On page 3, section (9), paragraph 5, lines 5-7 the Examiner stated that:

"patentees disclose hindered phenols may be used as the reducing agent; and it is noted that the hindered phenol reducing agent also meets appellants' alcohol component".

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner for Patents, Alexandria, VA 22313-1450 03/24/06
